# RESTAURANT & BAR HONG KONG 2019

With over 16 years' track record, Restaurant & Bar Hong Kong (RBHK) is Asia's leading food & hospitality exhibition, serving culinary experts, beverage masters and restaurant owners of the highest calibre. New, high-quality products and exciting show elements all create synergy between exhibitors and buyers, cultivate culinary exchanges and inspire innovative business solutions, making RBHK the key event in the food and beverage industry.

## GOURMET ASIA AS PART OF RBHK

Hong Kong is widely regarded as the Heaven of Foods; in recent years, the gourmet food market has expanded to South China regions, and the middle class expect higher standards in the dining scene. Previously in Restaurant & Bar Hong Kong, high-end food and drinks were presented through the Gourmet Japan zone, but to meet the increasing demand for more luxurious dining experiences, Gourmet

Asia will return as part of RBHK to showcase exclusively the most sought-out gourmet products.
